NEW YEAR – NEW START

Stambridge Group have had a positive and productive start to 2021, choosing to make the best out of uncertain times.

We have been fortunate enough to put our team's variety of skills to good use, providing much-needed support to our local council and hospitals.

Our loyal staff have been assisting the countries cherished '**Key Workers**' in making sure a safe and organised level of care is delivered to all who need it.

Not only have Stambridge Group been fortunate enough to remain very much operational externally, we have also put our efforts into growing and expanding our business, something that we always strive to do as a continuous effort in developing and excelling in our industry.

Our plans for expansion have included various internal promotions, with staff joining our ever-growing office team as well as new roles being introduced and amplified beyond previous years.

This year we welcome a new business consultant, joining our team to assist with further growth and development.

We are also proud to launch our new marketing department, continuing to build on the Stambridge Group brand.

Stambridge Group can remain forever proud of how far we have already come in such a short space of time. With an office move imminent and further company growth on the horizon, we can't wait to update you with more exciting news about our progress!

SERVICE OF THE MONTH

As Stambridge Group continually grows and develops, we want to help you discover the multitude of services we have to offer!

So this month, we focus on the cleaning section of our highly skilled and extremely well trained **Facilities Management** branch.

Our experienced cleaning team are qualified to carry out a variety of specialist cleaning services, including...

**SPECIALISED
HYGIENE CLEANING**

**SPECIALISED
DEEP CLEANING**

**VENTILATION CLEANING
& SERVICING**

**GENERAL INTERIOR OR
EXTERIOR CLEANING**

**GRIT & SNOW
MAINTENANCE**

**EVENTS & FESTIVAL
CLEANING**

These cleans can be carried out nationwide, in the private and public sector.

Another good example of Stambridge Group's ability to adapt and expand is our recent addition of COVID-19 specialist cleaning. Our team is qualified to carry out deep cleaning and prevention of the infectious novel coronavirus.

The team are trained to carry out a proactive deep clean to facilities and structures. Procedures include cleaning of porous surfaces and disinfecting non-porous surfaces along with disinfecting equipment, tools, supplies, and waste disposal.

We are able to commit to a regular schedule of services or tailor-made packages.

EMPLOYEE OF THE MONTH

SVETLANA USAKOVA

Svetlana currently works at our Canary Riverside Property contract.

We've recently received numerous reports with very positive feedback regarding her excellent work-ethic and overall effort when on-site.

The most significant of examples is how instrumental Svetlana was in helping to talk down a female who was threatening suicide. We can all admire her quick thinking on the job and such truly lifesaving efforts.

Svetlana also helped to spot and apprehend a burglary suspect on the property, which ultimately led to an arrest, and later, prosecution.

Stambridge Group are immensely grateful for your
continued commitment & effort

THANK YOU SVETLANA

TRAINING UPDATE

Stambridge Group operates a licenced training centre, managed by fully qualified training providers. We supply programs that provide the necessary training courses for a wide variety of industry-standard qualifications.

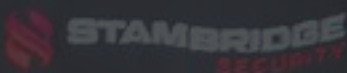

February 2021 saw one of our skilled in-house training providers deliver yet another successful CCTV course.

The course was carried out Friday to Sunday, allowing those taking part the flexibility of weekend training.
