

# NOVEMBER 2021 NEWSLETTER

# HEADLINE NEWS

We've spent much of the recent weeks decompressing and collecting our thoughts, along with attending many post-event review meetings with clients, following an extremely busy and successful Summer Season.

We couldn't be prouder of the efforts made by each and every member of the Stambridge Team, whether by our dedicated Office Team or the relentless staff on the ground. Feedback from our clients has proven to be exceptional and puts us on the most positive footing as we look forward to the future.

Stambridge Group is gaining impressive momentum with all areas of business adapting and expanding.

We are always looking forward and have welcomed many new challenges in recent weeks; from deploying a team of staff to Glasgow for COP26 to working tirelessly on developing our brand-new look First Responder Medic bikes, along with providing a fully functioning event ambulance at Southend's Halloween Parade.

Our growth is undeniable and we look forward to updating you on our exciting future plans and developments... watch this space!

# SERVICE OF THE MONTH

## Traffic Management

Stambridge Security works with venue management, government bodies, and the police, to provide Traffic Management solutions for all types of events.

Our well-trained staff have the experience to ensure smooth and safe traffic control. We take care of traffic solutions from top to bottom, from initial site prep to the management of traffic entering and exiting site, our team are on-hand for all types of events and operations, including managing construction and trader traffic.

Our traffic solutions include but are not limited to services such as:

- Parking Ticketing
- Car Park Patrolling
- Taxi Flow Control
- Road Diversions
- Indoor Events
- Outdoor Events
- Construction Sites
- Large Vehicle Access

We protect property, goods, and people throughout. Our customer service is second to none and traffic control is no exception to this consideration.

# STAFF SHOUT OUT

You may recall that we recently introduced our brand new Staff Recognition programme! We invited clients, the public, and staff to make recommendations for those employees that have made outstanding efforts, gone a little bit further, or simply shone a little brighter.

We are thrilled at receiving so many votes from all areas of business and it made choosing the first recipient of the award very difficult!

We are proud to announce Paula Binding-Reeve - FM team member at Beaumont House as our first recognised employee!

Paula has taken the lead in arranging various charitable events for residents, and great feedback from countless nominations highlighted how incredibly helpful and kind she is, going above and beyond to help wherever she can.

We offer our most sincere thanks to Paula for her commitment to her role within the Facilities Management Team and for representing Stambridge Group in the most positive light.

Congratulations, Paula!

**YOU DESERVE IT!**

# POSITIVE FEEDBACK

Hi, the father and son security team we had for the party last night were fantastic, thank you! Really on the ball, experienced, proactive and communicative. We'd love to have them back if we have another function and would highly recommend them.

Many thanks for your kind help too.

Best Regards

**VIVIENNE**

**WANTLING FAMILY –  
PRIVATE FUNCTION**

# EMPLOYEE SPOTLIGHT

**MARK ELLIS**  
**ADMINISTRATIVE**  
**COORDINATOR**

Mark is always on hand to support members of the Stambridge Team and is never afraid to learn something new.

He is no stranger to Stambridge Group with years of experience behind him. Progressing from a Customer Support Officer role, he has learned a lot about how the company operates in many of the more recent positions he has held.

After being promoted through the ranks, Mark now works as part of the Office Team, boasting a range of skills. His responsibilities include providing technical support to all staff and managing HR.

He has recently become involved in planning for a very busy Festival Season, assisting with booking staff and creating recruitment campaigns.

Security runs through Mark's veins and this has been supported by his recent roles and administrative support at festivals, including Leeds and Wireless.
